/ Biography

English: [Artist Name] is a digital artist exploring the fusion of AI-generated imagery and hand-crafted intervention. Using DALL-E 3 as a starting point, they rework each piece with textures and manual editing, creating artworks that transcend the boundary between machine and human.

/ Artist Statement

_____ : _____ AI _____

English: My work is the creation of “new myths” through a collaboration between AI and human hands. The images generated by machines are not the final product but a spark that expands human imagination.
